PAC Work Session

- Student led conference feedback from survey:72% said yes, they would like a second day of student led conference when students would not be in school for one day, 28% said no. The threshold would be a positive response in the 90% range.
 - Next step is to consider developing a committee to see how we as school can still go ahead with planning for

-

the second day of student led conferences.

- Mrs. Brown commented that future surveys might be done at the first conference to get a better response from parents.
- Mrs. Stroud discussed standards based grading. We are a pilot school. As a school we are starting to explore standards based grading and how it differs from traditional grading.
