Password reset/creation

Go to the Buckland Mills Website https://bucklandmillses.pwcs.edu/

You can get this information from your Parentvue account.

Once in Parentvue, choose the child, click the student info tab, scroll down to the email address. The username is what is front of the @symbol. (The student's username is the first 6 letters of the student's last name, the first initial of the child's first name and the first letter of the child's middle name and the year that they will graduate.)

Your student's number is their lunch number. You may also access this by going to your Parentvue account. Once you have accessed/created your Parentvue account click on your child's name, choose the "id card" option at the top and the student's id number is right under the QR code.

After you enter the above information it will load the next screen:

Prince William County PUBLIC SCHOOLS Providing A World-Class Education
Step 2
Update Your Password
Grades 6-12 Password Policy
